Additional Information

Applicants for readmission should be aware that readmission to the College is a highly competitive process. Applicants for readmission are considered for admission in conjunction with transfer applicants. Successful readmission applicants will likely be those who left Berea in good academic, social, and labor standing and, in most cases, for reasons beyond their control. All others are encouraged to first attend another regionally accredited college or university and present grades that demonstrate both seriousness of purpose and a promising level of academic achievement.

There may be some advantage to submitting an application early. Once your application has been received, a written confirmation of items needed to complete your file will be mailed to you. The deadline for completing the application process for readmission for Short and Spring Terms is November 30. The deadline for Summer and Fall Terms is April 30.
