

7 NEW MEMBER POSITIONS OPEN

Dear Fellow Bereans,

The Young Alumni Advisory Council is in search of 7 new members to serve our alma mater.

This volunteer organization supports the College and its young alumni by providing vision, guidance and direction for the Young Alumni Program, assisting in fundraising efforts and fostering interactivity among our constituency.

In November of 2009, the Council took steps to more formally organize. In that work, 7 new council member positions were developed.

Nominations and applications are accepted year round. The standing council will consider applications in May of this year and vote prior to the group's summer meeting. New members will be seated in July 2010.

The attached PDF document contains a combined nomination form and application packet for prospective members.

For basic information about the council, please visit:
