^bTransfer students might waive GSTR 110 if they took College Composition as a degree-seeking student at another college AND earned a grade of B or higher.

^cFor each of these courses, which must be approved by the department, only one credit shall count toward a major concentration requirement. For students with a dual concentration within the department, one CFS 186/286/386/486 and/or one CFS 395/495 shall count toward only one area of concentration. If the student chooses to complete two of these courses, counting one toward each area of concentration, the two courses must be judged qualitatively different by the department.

NOTES: Majors also must satisfy departmental standards for effectiveness in written and oral communication. The department also recommends that students in this concentration acquire a minimum of 100 hours of approved direct contact with children. (See Proficiency Requirements in the *Catalog & Student Handbook*.)
