## A Soul In Need

I see a man walkin' hand in hand  
With another, he's his lover  
For him there isn't any other  
But I'm told that they're bound  
For a fire in the ground  
Because the Book told us so  
Please tell me no.  
She's smokin' and tokin' now  
But in an hour she'll devour  
God's word in His house  
And is it two faces that we see  
Or is it one simultaneously?  
Does either make her better or worse than me?

And when they say  
We should pray  
For the heathens  
Do they mean the saints?  
Cause Paul said  
He was the worst of the dead  
And I wonder if I'm any better?

Cry for me Die for me  
And baby, Sigh for me  
Scream for me Dream for me  
Fulfill my needs for me  
Go for me Know for me  
And give your soul for me please.  
Give rest to this soul in need.

I know what's best for me  
And I wish I could  
Give to every soul in need  
But I will hesitate  
Just long enough to see  
What may be best for them  
Is not what I need.  
God- is it a He or She  
And does She care about gender  
Or equality?  
Is this the way He intended it to be?  
What is this Truth that we believe?

Secular Christian  
Is there a message?  
Do we listen?  
Good saints Bad sins  
How do we even begin?  
To judge Heaven or Hell  
But I still wish you well!

Cry for me Die for me  
I need you to  
Scream for me Dream for me  
When I'm just too weak to  
Go for me Know for me  
And maybe we can help each other  
Cause we're all souls in need!
