

The Audubon Center of the North Woods is a non-profit environmental education center located in east-central Minnesota. Among Minnesota EE organizations, we are the leader in renewable energy and raptor (birds of prey) education. We are currently recruiting interns for the 2007-2008 school year. Attached you will find a copy of our recruitment brochure. Please feel free to pass it on to any relevant and/or interested departments of your college or university. Also, please feel free to contact me at any time if you have any questions, or to request more information.

Thank you for your time,

Leah Holloway
