Rate Difference:		48%			

NOTES: 1) Seventy-two percent (2789/3878) of first-year students who retained to the second year declared a major by the beginning of their third fall term. The declaration process has changed over the years (1998-2009).

2) Students do not always graduate with the same major that they declare.

Graduation Rate by High Impact Activities by Cohort Type

Based on Entering Fall Term First-Year Students 1998-2009 (N = 3,878) Who Retained to their Second Year
